

Each cable connector type is assigned a unique color. Never again will you have to spend focus to identify the connector from the metal shape – just the color.

The removable and compact cable clip is normally folded along the cable, but can instantly unfold to support six loops of the cable to prevent tangling.

Premium Type-C Cable 2m

In addition, thicker charging conductors and high-end materials provide faster charging and superior durability. Robust and cleverly easy to use. Aramid reinforced, unique color identification (Orange) and tactile moon code that corresponds to Latin script (C for Type-C).
